

# QuietPure<sup>®</sup> AERUS

WITH POWERFUL SPACE STATION PURIFICATION™

## ACTIVEPURE<sup>®</sup> TECHNOLOGY PURIFIES AIR & SURFACES

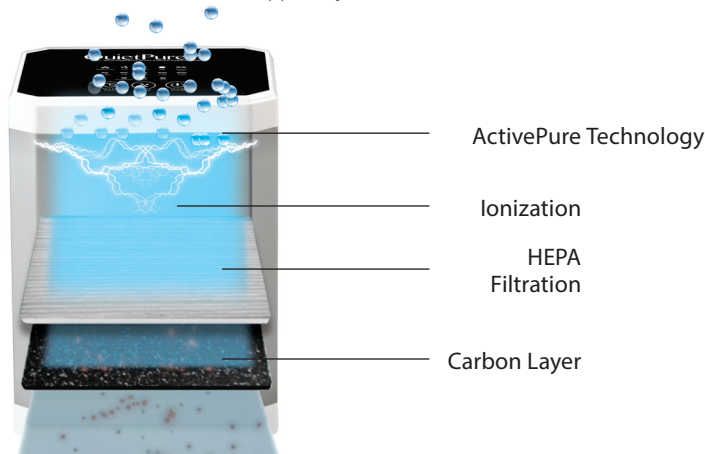

Reduce Hidden Viruses, Bacteria & Fungi • Remove Odors & Smoke

**HEPA FILTRATION** – QuietPure starts the purification process with a High Efficiency Particulate Air (HEPA) filter, which is 99.97% efficient at removing tiny particles as small as 0.3 micron from the air.

**CARBON LAYER** – The HEPA filter contains a carbon layer to absorb smoke, odors and volatile organic compounds that off-gas from household cleaners, paints, carpets, furniture and other common materials containing chemical substances.

**ACTIVEPURE TECHNOLOGY** – Our proprietary ActivePure<sup>®</sup> Certified Space Technology™ destroys up to 99% of contaminants in the air and on surfaces, resulting in a cleaner, healthier and more efficient environment.

**NEGATIVE IONIZATION** – An ion generator charges particles so they will cluster together, making them easier to remove from the air. The electrical charge causes the particles to become attracted to and trapped by the filter.

### SPECIFICATIONS:

Rated Wattage	10.8 watts
Rated Voltage	110V-120v 0.09A
Filtration	HEPA + Carbon
Operating Temp	50-122°F (-10-50°C)
*Coverage	Up to 150 sq. ft. (13.9 m <sup>2</sup> )
Quiet Fan	37.76 dm <sup>3</sup> / sec
Max Air Flow	80 CFM
Negative Ions	6x10 <sup>6</sup> / cm <sup>3</sup>
Dimensions	8.125"(206mm) Height x 6"(152mm) Width X Depth 6"(152mm)
Weight	2.7 lb (3.175 kg)
Controls	LED touch screen panel
Technology	ActivePure <sup>®</sup>
Warranty	Limited 1 Year

QuietPure by Aerus is a portable purification system, designed to help people enjoy breathing pure, safe, healthy air every day. It features four levels of purification and filtration technologies designed to eliminate smoke, odors, dust, harmful gases, and other contaminants in the air and on surfaces in the home.

Featuring a compact size and modern design, the QuietPure is ideal for a variety of indoor environments. Imagine smelly hotel rooms – crawling with odor-causing bacteria, mold, and fungi – transformed into fresher smelling, healthier, purified spaces. QuietPure by Aerus with ActivePure<sup>®</sup> Technology actively works to purify and reduce the presence of harmful contaminants from the air and on every surface.
